FINANCIAL WELLNESS

AGLAIA 401(K) PLAN

- For every \$1 of employee contribution you make (up to 4% of your eligible pay), Aglaia will contribute an additional \$0.50 to your account in the form of matching contributions. You can get up to a 2% match. Note: Catch-up contributions are not matched.
- You become vested in matching contributions after you are credited with three years of vesting services. A year of vesting service is defined as a calendar year in which you complete 1,000 hours of service.
- You can contribute from 1% to 90% of your eligible pay on a pre-tax basis, Roth, or traditional after-tax basis, subject up to the annual IRS limits. For calendar year 2024, the IRS limit is \$23,000 (If you turn 50 or older in 2024, you may contribute an additional \$7,500 in catch-up contributions in 2024).
- All Aglaia employees age 18 or older are eligible to join the plan immediately upon their date of hire (it may take up to 10 business days until you can enroll at Fidelity). To learn more about the Aglaia 401(k) Plan, watch a video [here](#).

EMPLOYEE RESTRICTED STOCK UNITS

AT AGLAIA, MOST EMPLOYEES HAVE THE ABILITY TO BECOME OWNERS OF THE COMPANY THROUGH THE GRANTING AND VESTING OF RESTRICTED STOCK UNITS (RSUs). DEPENDING ON YOUR JOB LEVEL AND IF YOU ARE SCHEDULED TO WORK 30+ HOURS PER WEEK, YOU ARE ELIGIBLE TO:

- Receive a grant of RSUs that vest over time, in accordance with plan documents.
- Have opportunities for additional RSU grants.

Aglaia is continually evaluating new ways to provide other types of ownership opportunities for all employees.

FLEXIBLE SPENDING ACCOUNTS

FLEXIBLE SPENDING ACCOUNTS (FSAS) PROVIDE A CONVENIENT WAY TO PAY FOR CERTAIN ELIGIBLE HEALTH CARE AND/OR DEPENDENT CARE EXPENSES WITH PRE-TAX DOLLARS. IF YOU CONTRIBUTE MONEY TO AN FSA, YOU LOWER YOUR TAXABLE INCOME, WHICH REDUCES YOUR FEDERAL INCOME AND SOCIAL SECURITY TAXES.

- Health Care FSA can be used to pay for health insurance copays, deductibles and other eligible services and supplies not covered by your medical, dental or vision plans. The Health Care FSA has a minimum contribution of \$120 and a maximum of \$3,050 per plan year to use for eligible health care expenses. If you enroll in the Health Savings Plan with a Health Saving Account (HSA), you are not eligible to enroll in the Health Care FSA.
- The Dependent Care FSA can only be used to pay expenses for dependent care, such as child or elder care while you are working. The Dependent Care FSA has a minimum contribution of \$120 and a maximum of \$5,000 per plan year.
